To Whom It May Concern:

On Tuesday July 22, 1975 at approximately 10:00 a.m. I was in Room

1194 of the State Building at 455 Golden Gate Ave, San Francisco, Cal.

The reason I was there was to attend a meeting of all candidates for all local political office in this coming November election. I was early. I was sitting near the back. I talked to several people whom I knew as they came into the room. As the meeting started or was getting ready to begin Crown Prince Arcadia - formally known as Jesus Christ Satan entered. I have known him for several years as we both were candidates for the Board of Supervisor two years ago. I am well familiar with his manner. He started to take off some of his outer garments and then asked me where the men's room was. I told him. He left the room. Shortly thereafter he returned and he was being "strong-armed" by someone in civilian cloths. He was roughed up greatly. The man, without identification to anyone, was saying "you're under arrest." As Crown Prince Arcadia was trying to put his cloths that he had taken off back on over his other garments the man continued to strong arm him and refused to identify himself. Crown Prince asked me to call his lawyer. I called his lawyer. Crown Prince Arcadia was forcefully removed from the room. At no time did he offer and resistance. At no time did the man show any identification or answer my question as to why he was making the arrest.

The above is, to the best of my ability to recall, exactly what took place. I will be willing to swear to this in a court of law under oath.
